DecaBDE

Perfluorooctane sulfonate (PFOS)

Dear customer,

Thank you very much for your inquiry regarding the banned substances mentioned above. We are pleased to inform you about our related activities and the current situation in our point of view.

DecaBDE

is a banned substance, which is included in the RoHS regulation, i.e. a product, which conforms to RoHS specification does not contain DecaBDE.

PFOS

According to our manufacturers, these substances are not contained in the products we are supplying.

Please note that WDI AG being a distributor without any development and manufacturing responsibility. We totally rely on the publications of the manufacturers. Of course, we will make the manufacturers' declarations available to our customers as soon they have been published.

Considering the complexity of the issue and the number of products and manufacturers, please accept that we will not answer any customer specific questionnaires nor sign any general and comprehensive statement on our behalf.

Please be sure that we will spend all our efforts to fulfil our obligations and give the best possible support to our customers.

For more information, please do not hesitate to contact us at any time.

Best regards,

WDI AG
